Subject:- Regarding representation of IIA in State Advisory Committee of UPERC.

Sir,

Indian Industries Association (IIA) is an apex representative body of SME having more than 5000 member industries through 37 chapters in U.P. Since inception of IIA in 1985, we have been associated in almost all policy making bodies at State/National Level. IIA has been associated with UPERC also since its formation and have been providing useful feedback to the Hon'ble Commission as member of the Committees or otherwise for tariff fixation/Electricity Supply Distribution Code/Any other information desired by the Commission from time to time.

IIA has been representing as a member in the State Advisory Committee of UPERC as well as Electricity Supply Code Review Panel since the formation of these bodies. However, it is observed that in the recently held State Advisory Committee Meeting IIA representative was not invited. It seems that inadvertently either the information could not be sent or the Committee has been reconstituted wherein IIA representation is left out.

In case the State Advisory Committee has been reconstituted and the representation of biggest industry association i.e. IIA is left out inadvertently, we request you to kindly consider the nomination of IIA representation in this important committee in the overall interest of industries in U.P.

Hoping for a favorable response and action on our request.

Thanking you,

Yours truly,

D.S. Verma
