Subject: Implementation of Public Private Partnership concept in State Govt Undertakings/Enterprises by inducting Board Members from industries.

Sir,

We are aware that you are big advocate and Supporter of PPP Concept. Under your guidance IIA have already designed and implemented web-based Single Table System successfully in U.P. and our State was pioneer in doing so.

We would like to submit for your kind information that there is no representation of Industry Representative in the Government Boards of any of the Public Undertaking/Enterprise operating under the administrative control of Govt of U.P for the promotion and development of industry. Such undertakings/Enterprises are UPSIC, UPSIDC, UPFC, UPEC and IED etc. In the absence of Industry Representatives in the Governing Boards of these under takings, the decisions taken at times are not based on the ground realities hence do not serve the purpose.

We therefore request you that Industry representatives of the prominent Industry Associations may be inducted in the Governing Bodies/Boards of all the Organisations engaged in industrial development in the State.

We hope you will find our proposal in the public interest and would like to take suitable action accordingly.

Thanking you,

Yours truly,

Parveen Sadana
President
