

Business Opportunities in UAE- Interested Members may respond back

IIA Chapter Chairmen,

Dear Sir's

Ras Al Khaimah, United Arab Emirates, "RAK Investment Authority" have approached IIA for organising a Business meet in early September 2012 in India for IIA Members to present RAK and the opportunities that they can offer to members of IIA. They have informed us as under:

"Just 45 minutes drive from Dubai, RAK offers investors a zero tax environment with low setup cost, 100% ownership of free zone companies and access to the vast middle east market. Over the years RAK has attracted investors from many different industry sectors, such as Chemicals, Pharmaceuticals, Glass, Plastics, Ceramics, Food Processing and Metallurgy among others. "

Before responding them, we would like to know the interest of IIA members for such a Business meet. As such, you are requested to get the feedback from the Members of your Chapter who would like to attend this business meet along with any specific query which we will include in the agenda for the meeting.
