Subject: Request for extension of date for depositing Electricity Bills till 30th June due to extension of Lockdown Period

Sir,

We refer to your orders vide Letter No 241 Dated 4th May 2020 (copy attached for ready reference) wherein you were kind enough to extend the date for depositing Electricity Bills by Industries by 31st May 2020 in view of the Lock Down extended from 4th May to 17th May 2020. The Lock Down period has now been further extended till 31st May 2020 and industries are not allowed to operate in Hot Spot & Containment Areas. In other areas also the industries are either not able to launch the production or are operating at very low capacity utilization.

In view of the situation stated above, it is requested that the date for depositing Electricity bills without any surcharge may please be extended till 30th June 2020 and the fixed Charges may also be waived off for the period of Lockdown i.e 25th March 2020 to 31st May 2020.

Looking forward for favourable response.

Kind regards

Manmohan Agarwal
General Secretary
