

# INDIA FOOD EXPO

## Agro & Food Technology Industrial Exhibition (IFX-2019)

Department of  
Horticulture & Food Processing  
Uttar Pradesh

### **PREAMBLE**

The Indian food industry is poised for huge growth and is increasing its contribution to world food trade every year. In India, the food sector has emerged as a high-growth and high-profit sector due to its immense potential for value addition, particularly within the food processing industry.

The Indian food and grocery market is the world's sixth largest, with retail contributing 70 per cent of the sales. The Indian food processing industry accounts for 32 per cent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth. India's export of Processed Food was Rs. 27,257.69 Crores in 2017-18.

It is also seen that food products industry, compared to other industries has the largest number of factories and engaged largest number of employees as well.

For fostering the business interests in domestic and exports sales promotion, sourcing machines and equipment, ingredients, packaging materials and expertise in Food Processing, Indian Industries Association & Department of Horticulture & Food Processing U.P jointly organized 6th edition of 'India Food Expo-2019' IFX- 2019 in Lucknow, UP from 22nd to 24th February 2019. This was the 6th edition of the food & technology exhibition which was organized after a gap of 10 years. The previous event held in 2008.

### **Highlights of IFX-2019**

### **EXHIBITION**

- 48 Food Processing Sector related companies including FMCG, Equipment, Machinery and Technology in India participated in this expo as Exhibitors and displayed their products & services in 80 Exhibition Stalls.
- Exhibition was organized in 17000 Sqft Carpet Area.

**The list of Exhibitors participated in IFX-2019 is as under:**

S.NO.	Name of the Organisation	S.NO.	Name of the Organisation
1	CFTRI	25	Mohani Tea
2	Department of Horticulture and Food Processing	26	Ashok Grah Udyog
3	Pritul Machines (Silver Sponsorship)	27	Awadh Plastoware
4	Mohana Enterprises	28	Popular Pariwar Bakers & Company

# SPONSORS, PARTNER & SUPPORTERS

## SPONSOR

## BANKING PARTNER

## HOSPITALITY PARTNER

## VISITORS

- More than 3000 visitors visited the Exhibition on three days i.e. 22<sup>nd</sup> to 24<sup>th</sup> Feb 2019.
- Visitors from all sections of the society i.e. Start-ups/prospective & existing entrepreneurs, Professionals & Academicians, Students & general public thronged in large numbers in the exhibition.

## SEMINARS

- Concurrent Seminar on Food Processing Industry was organized on 23<sup>rd</sup> Feb 2019.
- More than 300 participants attended the Seminar.

## FEEDBACK

- In order to evaluate the success of the IFX-2019, a comprehensive feedback was obtained from the Exhibitors on 6 different Parameters. Overall Feedback received is positive and almost all the exhibitors expressed their willingness to participate in 7<sup>th</sup> Edition of India Food Expo from 8<sup>th</sup> to 10<sup>th</sup> Nov 2019 at Lucknow.

## Day to Day proceedings of India Food Expo- 2019

### Curtain Raiser Press Conference - 21<sup>st</sup> Feb 2019

A Curtain Raiser press conference was organized at IIA Bhawan, Lucknow on 21st Feb 2019 to announce the activities of IFX-2019, participation of Food Processing sector related Companies, type of Products / services to be displayed, benefits to the Visitors etc. Large number of Media representatives from prominent Print and Electronic media participated in the Curtain Raiser Press Conference addressed by Shri Manmohan Agarwal, General Secretary IIA, Shri Chetan Deo Bhalla, Divisional Chairman IIA and Shri Sulabh Agarwal, Organizing Committee Member IIA

### DAY -1

### Inauguration of India Food Expo-2019 - 22<sup>nd</sup> Feb 2019

Inauguration of India Food Expo-2019 started with ribbon cutting by Shri Sudhir Garg, Principal Secretary Horticulture & Food Processing, Govt. of U.P. on 22nd Feb 2019 at IIA Bhawan, Lucknow. Dr. S.B. Sharma, Joint Director Horticulture & Food Processing Govt. of U.P & Other Senior Officers of Department of Horticulture & Food Processing, National President IIA Shri Sunil Vaish, General Secretary IIA Shri Manmohan Agarwal, Food Processing Industry Committee Chairman of IIA Shri Rajiv Sood, Shri Chetan Bhall, Divisional Chairman and other respected delegates were also present to grace the occasion.

Inaugurating of IFX-2019 at IIA Bhawan, Ground by Shri Sudhir Garg, Principal Secretary, Horticulture & Food Processing, Govt. of U.P.

Along with all dignitaries Chief Guest visited the stalls displaying Food Processing Machinery, Agro & Food Processing Technologies, Agri & Food Processing Products developed by Research Institutions, Food Product testing facilities, Innovative Food Products, Consumer Food Products & Food Processing Industries Policies & Schemes.

Chief Guest along with all dignitaries visiting stalls at IFX-19

There after all the dignitaries moved to the conference hall of IIA Bhawan for the inaugural function of India Food Expo-2019.

Shri Manmohan Agarwal, General Secretary, IIA, Dr. R.P. Singh, Director Horticulture & Food Processing, U.P., Shri Sunil Vaish, President IIA, Shri Sudhir Garg, Principal Secretary, Horticulture & Food Processing, Govt. of U.P., Shri S.B. Jakhotia, Treasure, IIA sitting on the dais for the inaugural function IFX-2019

India Food Expo -2019 held at Indian Industries Association (IIA) Grounds, Vibhuti Khand, Gomti Nagar, Food Processing Machinery, Agro & Food Processing Technologies, Agri & Food Processing Products developed by Research Institutions, Food Product testing facilities, Innovative Food Products, Consumer Food Products & Food Processing Industries Policies & Schemes were on display. This exhibition proved useful for all sections of the society including Startups & prospective entrepreneurs, existing entrepreneurs, Professionals & Academicians, Students & general public.

Shri Sudhir Garg, Principal Secretary Horticulture & Food Processing, Govt. of U.P, in his inaugural address he said that though U.P. is a leading State in Agriculture Produce yet the level of Food Processing is low at 4%. If we compare the level of Food Processing in the world, it is as high as 90% in Taiwan. We have to take a resolve to increase the Food Processing level to 8% in next one year for which Indian Industries Association can play an important role. Shri Sudhir Garg desired that IIA may promote Anchor Entrepreneurs, who in association with the Farmers should setup Micro Food Processing Units in the Villages. It is said that per capita income in U.P. compared to other States is low because of large population but in my opinion if the population is large then the number of workable hands are also large said Mr. Garg. We have to provide work to these hands. For doing so, setting

up of Micro Food Processing Units in Villages is a good option. Such Micro Units if promoted involving farmers will be very successful. If Food Processing reaches every home in the villages, the level of Food Processing will certainly increase.

On contract Farming Shri Garg said that contract Farming is not an issue but contract enforcement is a problem. For solving this problem, Govt. of U.P. is working on a solution for protecting the interests of the farmers as well as that of the purchasers. As soon as this solution is worked out contract farming will start in U.P. also.

Shri Sudhir Garg expected IIA to point out the shortcomings of the Govt. in right perspective so that the policies for Food Processing Industries are modified and drafted accordingly. He further said that for release of the funds to the entrepreneur's paper formalities have been done away with in the Department for which a Govt. order has been issued recently.

Speaking on the inaugural function, National President IIA Shri Sunil Vaish said that IIA launched India Food Expo in 2004 and organized it every year till 2008. This year IIA decided to re-launch the India Food Expo keeping in view the policies & efforts of the State & the Central Govt. for promoting Food Processing Industries. He expressed hope that every section of the society will visit this expo & take advantage of it. In times to come IIA will be organizing India Food Expo at a large scale and will make it one of the premier Food Expo in the Country. In addition to it IIA will sign MOU's with the Apex Research Institutions related to Agro & Food Processing in the Country for

Chief Guest Shri Sudhir Garg, Principal Secretary, Horticulture & Food Processing, Govt. of U.P. addressing the audience during the inaugural function of IFX-2019

transfer of technologies and products invented to the Industry.

Dr. S.B. Sharma, Joint Director Horticulture & Food Processing Govt. of U.P. in his address said that Govt. of U.P. has come out with Food Processing Policy 2017 which is the best compared to any other state in India. Under this policy, Micro & Small Food Processing Units can avail assistance of upto 2.5 crores in 5 years. In Uttar Pradesh three Mega Food Parks are also being setup out of which the work on two Mega Food Park have already started. Upto 10% Financial support will be available for Food Processing Units to be setup in these Food Parks. Shri Sharma further said that an ambitious Gram Sampada Yojana will be implemented in the year 2019-20. The Department of Horticulture & Food

Shri Sunil Vaish, President IIA presenting memento to the Chief Guest Shri Sudhir Garg, Principal Secretary, Horticulture & Food Processing, Govt. of U.P. in inaugural function of IFX-2019

Processing is running extensive training programmes in Food Processing Sector through 400 Panchayat in the State said Mr. Sharma.

Food Processing Industry Committee Chairman of IIA Shri Rajiv Sood said that after a long time in the past few years' industrial environment in the State of U.P. as well as allover India has been improving. Encouraged by this Industrial environment, Indian Industries Association decided to organisd India Food Expo-2019 which had a grant beginning today.

Comparing of the Inaugural Function was done by Shri Manmohan Agarwal General Secretary IIA & the Vote of thanks was delivered by Shri S.B. Jakhotia Treasure IIA.

## DAY -2

# Seminar on Food Processing Industry in India - 23<sup>rd</sup> Feb 2019

On the second day i.e. 23<sup>rd</sup> Feb 2019 Seminar on **Food Processing Industry in India** was organized concurrently with the India Food Expo -2019 at IIA Bhawan, Lucknow. This Seminar was attended by more than 300 delegates. The Seminar was addressed by the prominent experts of National Level.

### Speakers for the Seminar were: -

1. Dr. S.K. Chauhan, Director Regional Food Research and Analysis Center (RFRAC)
2. Dr. P.P. Gothwal, Director Central Food Technology Research Centre (CFTRI) Lucknow
3. Dr. Pawan Singh Gurjar, Scientist Central Institutes of Sub-Tropical Horticulture
4. Dr. Nithin Singh, Director Royal Honey & Bee Farming Society

### Main Topics Covered in Seminar are as under: -

1. Facilities & Services of CFTRI for setting up Food Processing Industries
2. Processing of Fruits & Vegetables
3. From Bee Hive to Honey Bottle (A Journey to become an Entrepreneur)
4. Schemes & Policies for Food Processing Industry.

In his address Dr. S.K. Chauhan, Director Regional Food Research and Analysis Center (RFRAC) said that the need and importance of Food Processing Industry is much more today than ever before. People are now aware and sensitive about the presence of vitamins, proteins & active ingredients etc. in their food items. Along with this the consumers also want to be sure about the quality and purity of the processed food items. Regional Food Research and Analysis Center (RFRAC) has been setup in Lucknow for this purpose only. In this Centre apart from testing of food products, training programme are also organized for the benefit of Industry & the students. RFRAC is providing its testing & training facilities to the Members of Indian Industries Association & the students at concessional rates.

## Industrialists want govt push for food processing sector

LUCKNOW: Industry bodies want a big push for the food processing sector from the Ujjain government after its one district one product (ODOP) schemes that focus on local artisans and their products.

The Indian Industries Association (IIA) will make a formal request to deputy chief minister Kishav Prasad Maurya to set up a dedicated food processing research centre in the state and to introduce food processing as a subject in technical institutes in the state.

Maurya will inaugurate the three-day food expo at the IIA Bhawan, Gomti Nagar, on Friday. "The much-buffed Uttar Pradesh Food Processing Policy 2017 has failed to do much for this cottage industry," say industrialists. After being formulated in 2017, it has mostly remained on paper.

Around one lakh food processing units in the state are struggling to compete with their counterparts in other parts of the country in terms of technology. The industry has the potential to generate self-employment in large numbers. But this sector
