

## [www.upmsme.in](http://www.upmsme.in)

[www.upmsme.in](http://www.upmsme.in) is the official website of MSME and Export Promotion Department, UP which provides online information about the activities, plans, services of the department. It aims to provide competitive, cost effective and fast services to industries in UP. Uttar Pradesh has an industrial base that is recognized worldwide for its quality, environmental friendliness and cost effectiveness.

The Micro, Small and Medium Enterprises (MSME) sector has become a highly vibrant and dynamic sector of the Indian economy in the last five decades. MSMEs not only play an important role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural and backward areas. Thereby reducing regional imbalances, assuring more equitable distribution of national income and wealth. MSMEs complement large industries as ancillary units and this sector contributes greatly to the socio-economic development of the country.

The Ministry of Micro, Small and Medium Enterprises (M / O MSME) envisions a vibrant MSME sector by promoting the growth and development of MSME sector including Khadi, Village and Textile Industries in collaboration with the concerned Ministries / Departments by assisting the respective enterprises and encouraging the creation of new ventures.
